TEC to Host 21st Annual Accredited TEC Summer Institute for Educators

**Hands-on Professional Development for Educators Featuring
Laser Technologies, 3D Printing, & Computer-Aided Design – with Optional Graduate Credits Available**

Concord, NH – March 5, 2015 -- Tech Ed Concepts, Inc. (TEC), Experienced Provider of Design-to-Manufacturing Solutions and Teaching Labs, is excited to host its 21st Annual TEC Summer Institute (TSI) this July in Concord, NH.

Exclusively designed for Educators, TSI provides hands-on training, classroom materials and innovative curriculum designed to assist technology and engineering educators by increasing their knowledge of Laser Technologies, 3D Printing, and Computer-Aided Design. Throughout July, TEC will be offering a choice of one, two or three days of hands-on training seminars and workshops taught by certified professional instructors at TEC's inhouse TECnology Center. Attendees have the option of earning 6 PDU hours for the one-day workshops and up to two **graduate credits** for the two- or three-day seminars.

The two- and three-day seminar offerings will feature "Building Information Modeling (BIM) Architectural CAD with Envisioneer", "Laser Technologies in Your Classroom and School" with GCC Lasers, and "Understanding and Teaching Direct Modeling CAD with KeyCreator". One-day workshops "Introduction to 3D Printing" will also be offered. Graduate credits are being offering through Keene State College, an affiliate of the University System of New Hampshire. TEC Summer Institute is one of a select few programs able to offer professional development graduate credits to educators through a partnership with Keene State College.

"An important component of TEC Summer Institute is the interaction between Educators from across North America," states Richard Amarosa, Founder and President of TEC. "Instructors are able to collaborate, network and take home new classroom and curriculum ideas exchanged with fellow attendees. As a former educator, I've witnessed how valuable this exchange can be."

TSI for Educators has also been featured in *Tech Directions* Magazine as one of the "Terrific Ten Training and Certification Programs." Visit the company's website at www.TECedu.com and click on the Teacher Training tab to be directed to a complete list of course offerings, course descriptions and to register for the 21st Annual Accredited TEC Summer Institute for Educators. For more information, contact TEC at 1-800-338-2238 or e-mail: marketing@TECedu.com.

About Tech Ed Concepts, Inc. – Technology Education Concepts, Inc. (TEC) is an experienced provider of Design-to-Manufacturing solutions and teaching labs. The company has been delivering solutions to Educators and Students for Over 25 Years. Based in Concord, NH, TEC is a family-owned business started by an educator who is passionate about providing secondary and post-secondary schools with 3D Solutions needed to teach today's young people about the fields of science, engineering, design, manufacturing and architecture. TEC has developed partnerships with developers in the U.S. and worldwide in order to bring solutions to schools at prices that fit within tight budgets. TEC's experience has established itself as a trusted one-stop academic resource offering exclusive academic pricing, teacher training, curriculum and classroom support materials.
